## Downloading and Installing Autodesk Software
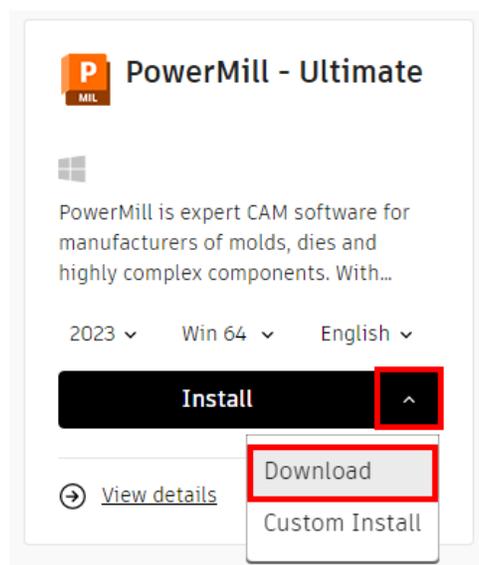

- Navigate to www.Autodesk.com
- At the top-right of the webpage, click **Sign in**.

- Sign in with your user account or admin credentials.
- Once signed in, click on your profile icon at the top-right of the webpage.
- Click **Products and services**. This will send you to your products page.

- Find the product that you would like to download and install. Click on the dropdown arrow, then select **Download**. *Example: PowerMill - Ultimate*
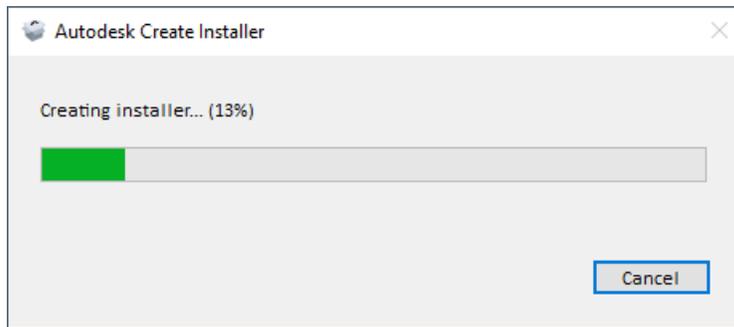

Downloading and Installing Autodesk Software

- This will download a file to create the product installer. **Make sure pop-ups are allowed.**

  Create_Installer_PWRMU_2023_English_WIN64.exe

- **Run** the installer .exe file.

- Once the installer has been created, you'll get a confirmation dialog. Click **Run Installer** to start installing your software.

- The installer will start. Follow the prompts to complete the product installation.
